

THE STRIKE SCENE SHIFTED TO WASHINGTON

HISTORY REPEATS ITSELF IN STEEL STRIKE

U. S. troops stationed at Homestead, Pa., during steel strike of 1892.

This historical picture was taken while the U. S. troops were stationed in Homestead, Pa., during the bloody strike riots there while the first big steel strike was on in 1892. Homestead was an important steel center even in those days. Officials of that city already have asked for state troops to preserve order in the present strike in case of emergency. The request has been granted.

"WILL UNITED STATES KEEP ITS OWN PLEDGES"

—PRESIDENT WILSON IN DENVER ADDRESS.

DENVER, COLORADO, SEPTEMBER 25.—(Associated Press)—Declaring the issue in the peace treaty in discussion at last had been "clearly drawn" President Wilson said in an address here today that "the question squarely facing the nation" was whether the United States would "keep its pledges to help guarantee the peace of the world."

Of all the subject matter in the treaty aside from the league covenant, he said, the Shantung provision was the only one criticised. That objection now had been cleared away, he declared, as also had the lesser objections urged against the covenant itself.

He asserted the whole discussion now had settled down upon the part of the League of Nations and guarantees of Article Ten. Adoption of a reservation like that proposed, he said, would be equivalent to rejection of the treaty.

"Hyphens are the knives being stuck into the document," he said. "Should the United States stay out of the league," he said, "it would have to have the biggest army in the world, and there would have to be conscription and heavy taxation."

ITALY'S CRISIS IS FOR EUROPE TO WORK OUT

President Wilson to be Told That France, Italy and England Will Settle The Matter

(By Associated Press.)

Paris, September 25.—The crisis through which Italy is passing is imputed to the great powers by General Garibaldi, in an interview in Paris papers this morning.

He reproaches them for not giving Italy all that was promised in the treaty of London, and declares it is the intention of the Italian people to keep Fiume, "even at the price of another war." "It depends on France and England," he says, "whose populations are with Italy in this affair. Whatever should be President Wilson's answer, we will say to him that this dispute between Europeans must be settled between Europeans."

TWO REGIMENTS OF BOLSHIEVICS ARE WIPED OUT

Fierce Fighting Reported On Wednesday in The Region Of Pskov.

(By Associated Press.)

London, September 25.—Fierce fighting was in progress throughout the day yesterday in the region of Pskov, southwest of Petrograd where the Estonians annihilated two Bolshevik regiments, according to Estonian dispatches.

FIRM DENIAL BY BURLESON

(By Associated Press.)

Washington, September 25.—Denial that any effort had been made by the Post Office Department to influence the Civil Service Commission in the rating of eligible appointees for postmasters of first, second and third class offices is made by Postmaster General Burleson today in a letter to Speaker Gillette.

NOVEMBER ONE ALL SOFT COAL MINERS STRIKE

Efforts Are Being Made To Adjust Difference

(By Associated Press.)

Buffalo, September 25.—With a general strike of soft coal miners in the United States set tentatively for November 1, operators and representatives of the men met here today in an effort to avert the strike by reaching an agreement on questions of wages, working hours and working conditions.

REPORT LENINE ASSASSINATED

(By Associated Press.)

Paris, September 25.—A rumor was in circulation on the Bourse here today that Lenine, the Russian Bolshevik Premier, had been assassinated.

PARALYSIS IS COMPLETE IN ALL OHIO MILLS

Not a Wheel Turning in Great Plants at Youngstown and Steubenville.

(By Associated Press.)

Columbus, O., September 25.—Almost complete paralysis of the steel industry in Ohio today marked the fourth day of the nationwide steel strike. Not a wheel was turning in the Youngstown and Steubenville district. At Cleveland the bar mill of the Empire Rolling Mills Company, was closed down today owing to a shortage of labor leaving the sheet mill department of that company employing 500 men the only plant left in operation in Cleveland.

Organizers in Canton declared more men laid down their tools there today. Extreme quiet prevails throughout the Ohio strike district.

The Senate's Labor Committee Opens Investigation

Avows Intention to Discover If Federal Action Can in Any Way Relieve Conditions.

Company Officials Assert That Strikers Are Returning

Foster Predicts Interesting Developments Within Few Days

Great Pittsburg Area is The Barometer Which Both Sides Are Watching.

(By Associated Press.)

New York, September 25.—Interest in the great struggle in the steel industry shifted today to Washington where the labor committee of the Senate opened an investigation with the avowed intention of discovering "if the situation in any way can be relieved by Federal action."

Meanwhile no radical change was reported in the actual strike centers.

LABOR OPENS

It was labor's day in court for the first witness called was John Fitzpatrick, chairman of the national steel workers' committee.

The employers' turn will come next Wednesday when Chairman Gary, of the Board of Directors of the United States Steel Corporation, presents the case for capital.

It is the expressed hope of the committee that the investigation will bare the underlying cause of the struggle which is threatening the economic interests of the nation. The committee also expects to prove charges made that more sinister motives are involved than the ostensible one of the right of workers to organize.

So far as actual conditions of the battle line were concerned the most important news came from the Chicago district where both sides claimed specific and significant advantages.

Steel corporation officials announced that the steel and slab mills of the corporation at Gary, Indiana, would resume part operation today, the most extensive resumption claimed since the strike started. Offsetting this about 200 steam engineers employed in the Illinois Steel Company's plant at Gary were called out raising again the possibility of a general walkout by this most important branch of the workers.

PITTSBURG AREA

The issue in the great Pittsburg area where both sides conceded the struggle must be lost or won, remains uncertain. Corporation officials again today said that strikers were returning, admitting the number was not large but terming it steady.

These claims were as usual disputed by the strike leaders.

Secretary Foster of the strike committee, called the situation better than ever and predicted interesting developments within a few days.

WIDOWED WHEN TITLED WAR-HERO COMMITS SUICIDE

Lady Donville.

Lady Donville is the widow of Sir James H. Donville, son of the late Admiral Donville. Sir James committed suicide in the United Service Club, London, England, recently, apologizing to the club for his death there. He was in serious financial difficulties following bankruptcy proceedings. Sir James was commander of H. M. S. Barbados when it sunk two German destroyers early in the war. Married in 1912 he leaves two daughters besides his widow.

developments within a few days. Farrell, Pa., where the first bloodshed occurred in the rioting was again the scene of trouble today. A Serbian was shot and killed by a state trooper during the search of a house suspected of being a safe house for strikers from which they could launch attacks on the steel plants.

LEADER A HORSE SHOEER
Labor's side of the struggle was sent by Fitzpatrick, who stood throughout the day.

He went into details of organization of the men and charged efforts of municipal authorities and others in many Pennsylvania cities to prevent organization meetings.

Questioned by senators he said he was a horse shoer by trade and that his knowledge of conditions in the steel industry had been gained only by talks with the workmen.

ENGLAND WILL CONTINUE EFFORT

Viscount French to be Returned To Ireland.

(By Associated Press.)

London, September 25.—The Evening News today announces that as a result of a consultation by the cabinet with Viscount French, the Lord Lieutenant of Ireland, another attempt will be made by the government to settle the Irish question and that Viscount French will be returned.

THREE ARE DEAD IN CAR COLLISION

(By Associated Press.)

Gary, September 25.—Three men were killed and about 50 injured, some seriously, when two street cars crowded with steel strikers collided here today.

D'ANNUNZIO PLAN BEING FOLLOWED BY OTHERS

Italian Leaders Emulating Plan Of Fiume Seizure Take Other Coast Cities.

Peace Conference Leaders Are Greatly Disturbed Over The Developments.

Plan of The Italians to Restore King Nicholas is Rumored

(By Associated Press.)

Paris, September 25.—Apparently in emulation of Captain d'Annunzio, whose dramatic seizure of Fiume centered the attention of the world on the shores of the Adriatic, other Italian leaders are reported to be advancing on Spalato, Sebenico and Trau, important towns along the coast which have been under the control of Jugo-Slav forces.

Peace conference circles are gravely concerned over the situation.

Belgrade advices declare Italian soldiers have overpowered a Jugo-Slav force Tognire and have entered the town.

Further south, there appear also to be disorders, reports from Rome indicating there is a virtual reign of terror at Ragusa, a Dalmatian town close to the frontier of Montenegro.

In addition, there are rumors that the Italians plan to restore King Nicholas to the Montenegrin throne, from which he was ousted by action of the National Assembly last April.

So far as known, no answer to proposals made by Italy relative to Fiume has been received from President Wilson, although it is indicated in unofficial circles that the answer has arrived.

COMPANY CAN'T NOW CALL OFF STEEL STRIKES

Men Are Going to Have The Government Guarantee Justice Says Leader.

(By Associated Press.)

Washington, September 25.—Even should the United States Steel Corporation consent to meet representatives of the men, the nationwide strike of steel workers could not be called off now, in the opinion of John Fitzpatrick, chairman of the strike committee, as expressed today at the opening of the Senate Labor Committee's investigation of the strike.

"The 350,000 men on strike," he declared, "are going to demand from the United States Government justice—decent justice."

BOOST WASHINGTON—BUY FROM LOCAL STORES

THEY LAND WESTERN LEAGUE PENNANT FOR ST. JOSEPH

St. Joseph, Mo., team which won the pennant in the Western league. Top row, left to right: Charley Hunter, business manager; Williams, pitcher; Shestak, catcher; North, pitcher; Dolan, manager; Rose, pitcher; Butcher, second base; Beall, first base; Hoffman, pitcher. Second row, left to right: Bonowits, left field; Crosby, catcher; Walker, right field; Hamilton, third base; Murchison, pitcher; Kellcher, shortstop; Jackson, center field.

The minor league seasons rapidly are drawing to a close. Several pennant races have been decided. The pennant in the Western league has been nailed to the mast by the St. Joseph, Mo., team, un-

der the skilful management of Cozy Dolan. The St. Joseph club was in seventh place when war ended the 1918 season after about sixty games had been played. Dolan's material for this year

wasn't promising at the start of the 1919 season, but by developing a powerful attack and using Mutt Williams, Lou North and Hoffman effectively in the box, Dolan turned the trick.

MAJOR HARDWAY IS REAPPOINTED TO OLD FOURTH

The reorganization of the Old Fourth, Ohio National Guard, is under way, and Major O. E. Hardway, formerly with the Fourth as captain of M company of this city, and later of K company, has been reappointed to the position of major, receiving his notification Wednesday, and sending his acceptance at once.

Major O. E. Hardway

Col. Benson W. Hough will be Colonel of the regiment, Lieut. Col. Henderson, of Chillicothe, resumes his former position; and the majors are: Major Haubrick, of Columbus; Major Sampson, of Delaware, and Major O. E. Hardway, of this city. Capt. Beightler will be regimental adjutant.

It is believed that the organization will soon result in reestablishing M company in this city, and that the hurried work at the present time is to get the regiment in shape for strike duty in short order.

YOUNG MINISTER OFFERING NEW RELIGIOUS IDEA

(By Associated Press)

Louisville, Ky., September 25.—Both pastors and laymen in Louisville are centering their attention on the First Unitarian Church where the Rev. R. Ernest Akin, 34, has accepted the pulpit and announced innovations in church conduct. Rev. Akin steps from the Methodist pulpit to the Unitarian church, his recent charge having been the largest Methodist church in Detroit, located near the Ford Automobile plant.

Pastor Akin attracted attention upon taking over the Unitarian church here by the announcement that he intended building up a new church solely for young folks as he did in the Detroit church.

"I believe," he emphasized, "that the best way to do this is to have a stately religious service each Sunday morning and that the evening service

should be turned over to the young people. A picture show with a moral lesson and a little talk on the subject by the minister, community singing, followed by a supper served by the women of the congregation in the parlors of the church are part of my plans. All of this would be free to the young folk of the city."

Members of this congregation have asserted that the directing board of the church will "stand by" the minister in every way possible to carry out his ideas.

LOCAL MAN DRAWS BOX FOR SERIES

During the mad rush among baseball fans to secure tickets for the World Series games there is only one person in this city, thus far reported who was lucky enough to obtain the coveted cardboard.

Jess W. Smith, of Smith's Department store was fortunate in obtaining a box for the series.

The box contains four seats and was secured for the series, including the war tax the price was \$79.20.

The box will be occupied during the series at Cincinnati by Messrs. Jess W. Smith and M. S. Daugherty, of this city, and Hon. H. M. Daugherty and Attorney General John Price, of Columbus.

CHURCH OF CHRIST WILL HOLD RALLY

The Church of Christ in Sabina will hold an all day rally, Sunday Sept. 28th, and Mr. Groves, pastor of the Church of Christ in this city will deliver an address in the afternoon.

Arrangements are being made to have 500 in attendance at the Bible School during the forenoon. A basket dinner will be a feature of the rally.

J. W. DUFFEE & CO.

The Old Reliable

Cash and Basket Grocers

NEW BAKERY AND BREAD AT LOWER PRICE IS PLANNED

It is understood from an apparently reliable source that a big new bakery is under contemplation in this city and that the men back of the enterprise are confident that they will be able to produce bread made from flour produced from winter wheat grown in this community, and which will be of high quality and sell at a lower price than bread is now being sold for in this city.

It is understood that the proposal is being investigated thoroughly, and that if found practicable, which it is announced, there is every reason to believe it will be, a huge new bakery will be established here and surplus heat and power be used from a local manufacturing plant so that the cost may be held down to the minimum.

An electrically equipped oven is planned with a capacity of thousands of loaves of bread weekly, baked by electricity.

It is understood that flour produced in this city, and milled from wheat grown in this part of the country will be used if the new enterprise is launched, and that a large saving may be effected in this way, so that an actual saving of several dollars on the barrel of flour, such as now used in the city, can be made, and the consumer given the advantage of the saving.

AGITATION FOR GOLF LINKS HERE

There is some agitation on in this city for establishing a golf links, either inside the enclosure formed by the race course at the fair grounds, or at some other convenient point.

It is understood there are quite a number of men and a few women in the city who would be much interested in establishing the links near the city, and these may be called together in the near future and plans made for establishing the grounds.

DISABLED MARINE HAS VICTORY LAMP

On exhibition in the show window of the Stinson Department store is an electric table lamp known as a "Victory Lamp," made from a shell by the Sneed Iron Works in New York City. The lamp is one of fifty thousand made for the disabled soldiers and is the property of Rudolph Wolfe who was disabled while serving with the Fifth Marines at Chateau-Thierry.

Standing 26 inches high the lamp is a perfect piece of workmanship. The base of the lamp is formed by the shell and the shade is made of the finest parchment decorated with a design by Franklin Booth, one of the foremost American artists. The first lamp made, with the original painting for a shade, is in the artist's studio in New York City.

The shell forming the base is a 75 mm. which was on battlefield at the time of the signing of the armistice.

Mr. Wolfe values the lamp very highly.

COUNTY CHAIRMAN SALVATION ARMY

Prominent Women Gather In Michigan To Hold Grand Peace Jubilee Pageant

In commemoration of the valiant work accomplished in the service of their country by their many members, and those of their families, who served under their country's flag during the great war, the Woman's Benefit Association held a grand Peace Jubilee Pageant at their beautiful headquarters in Port Huron, Michigan, September 15 to 19. Delegates and representatives from every state in the union and all the provinces in Canada, were in attendance.

Most prominent among the special events at the Peace Jubilee was the demobilization of the Association's Service Flag, each one of the many stars on its representing the family of an Association member which gave a father, son or brother to the cause of humanity. Besides these men who did their bit in khaki 2,700 reviews of the Woman's Benefit Association were organized as active units of the Red Cross and over 200,000 members enthusiastically gave their every effort in this work during the war.

Prominent among the speakers at the Jubilee were Governor Sleeper, of Michigan, with his staff, Mayor James Couzens of Detroit, and Major Edwin Denby, U. S. Marine Corps, of Detroit, who had the honor of giving the demobilization address.

A crowd which taxed Port Huron's accommodations to the utmost was gathered for the Jubilee and every available inch of hotel space, both in the city and at the near-by summer resorts was engaged. In addition the S. S. Naronic, flagship of the Northern Navigation Company Fleet was used as a hotel, being docked near the Association's headquarters.

At the same time as the Grand Peace Jubilee Pageant was held, the Association held its Quadrennial Supreme Review to which 110 delegates held credentials.

This woman's society, the largest in the world, began its career very modestly 27 years ago under the guiding hand of Miss Bina M. West, a Michigan girl. She still ranks as its

leader with the title of Supreme Commander. Today 212,000 women are enrolled in the Association and it ranks strongest among all the fraternal societies in America for women.

Miss Frances D. Partridge, the Supreme Record Keeper is devoting her life to the work, and ranks with the leading women actuaries of the continent. In her custody repose investments of over twelve million dollars, earning interest of over half a million yearly.

One of the leading progressives of all the splendid women leaders in the Association is Mrs. Nellie C. V. Heppert, of Akron, Supreme Lieutenant Commander. She has the honor of managing the largest territory in the point of membership in the organization and through her successful endeavors has gained an enviable nationwide reputation as a business executive. Mrs. Heppert attended the Grand Peace Jubilee at Port Huron accompanied by the delegates from her district. Mrs. Heppert is also Great Commander of Ohio.

FRENCH LEAVE TAKEN BY WOMAN

Maple Grove Hotel officials have been making inquiry concerning a woman by the name of Sudowsky, presumably of Dayton, who recently disappeared from the hotel at the midnight hour.

It developed that the woman later appeared at the Warner House in Chillicothe and paid for a room, later leaving the hotel without informing the clerk.

It was at first believed the woman had become lost in the hills about Maple Grove hotel.

Since leaving Chillicothe the woman has not been heard from.

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES**They Come Out Strong For Phosphated Iron**

Leading doctors all over the country are rapidly learning that one of the best preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve-builder to so many who feel run down and dragged out, due to lack of fresh air, exercise, good food and clogged blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves. Many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around tired out, all in, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today and start in right, you owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

Frank Christopher, the Druggist and leading druggists everywhere.

AUTO DEALERS WILL ORGANIZE

With a large representation from all over the county present, the Fayette county auto dealers met at the Y. M. C. A. Wednesday evening and discussed plans for the forming of a trade association to affiliate with the state organization.

The purpose of the meeting was to form a permanent organization but in the absence of Victor Moore, an organizer from the State Association, this was postponed until the next meeting which will be called as soon as Mr. Moore will be available.

At the next meeting a permanent organization will be effected, it is announced, with an election of officers including executive committee, for the association. R. C. Shisler was chairman of the meeting.

ENGINE HOUSE GETS REPAIRS

Two men were at work Thursday morning repairing the roof of the engine house around the cupola where the alarm bell hangs. The sheet iron trimming across the front and around the roof of the building will be painted.

The painting will not only improve the appearance of the structure, but will also tend to keep it in a good state of preservation.

APPEAL ISSUED FOR ARMENIANS

Although the amount of clothing contributed to the Red Cross when an appeal was issued several days ago for the brothers of Rev. D. H. Rejy and their families in Armenia was highly satisfactory a second appeal has been made.

It is asked that the donations be made at once in order that the clothing may reach them before the severe winter weather strikes Armenia. It requires over two months for the garments to reach them after they are sent out.

A few months ago they told us that labor won the war. And now we are beginning to understand that.

BATTLESHIP Coffee

You can't tell coffee that is good, or coffee that is not by its looks. But you can rest assured that the package marked Battleship Coffee contains exceptionally fine coffee, perfectly roasted and blended.

The proof is in the preference for its flavor.

The Effect of Strikes

The world has just passed through more than four years of war—more than four years when millions of men were turned aside from the work of construction and production to the work of destruction and consumption.

As a consequence the loss in property and necessities of life due to lack of production and the awful work of destruction the world is suffering from a shortage in every line of man-made and man-produced articles. Prices have mounted skyward at an alarming rate and the only solution of the problem of high living costs yet offered—the only means to check the high prices of everything—is for people to consume less and produce more.

That seems to be the only reasonable solution of the problem which is menacing civilization.

America, removed from the theater of actual war, perhaps has not been made to realize the tragedy of war with such frightful force as have the European nations. Here too, where the destruction of war is not visible on every hand as it is in Europe, it is more difficult to realize the need for work and economy.

In the face of all the results of war—the known shortage in manufactured articles and in the production of foodstuffs thousands of men—workers are laying down their tools and quitting work. The strike of the steel men entails a loss of more than three million dollars daily to the men themselves and nearly one and a half million dollars to the companies, and in the end the dispute must be adjusted by agreement just as it could have been had work continued.

It is an inexplicable condition that men who know conditions would resort to such suicidal methods. Right at a time when they are demanding solution of a problem which just such conduct as theirs creates.

To Make Test

It is quite probable, according to authentic sources of information, that a test of the patrol plan of maintaining the highways will be made in Fayette county during the next year.

The automobile club will endeavor to secure the consent of the authorities to make a practical test of a plan which has always had many supporters but which, for lack of concentrated effort has been pushed aside for plans of road construction which are advocated by smaller groups of men directly interested in their adoption.

The plan which promises now to get a real try-out within the next year is none other than using the abundance of material now on the roads,—loosen it up, grade it properly and then maintain the road thus constructed by constant work such as dragging and filling the breaks before they grow too big.

The plan requires a very small initial expenditure as most of the material is at hand, only the loosening up and grading being necessary at first. After that the work of upkeep is constant rather than spasmodic and the cost though continuous is less than the heavy interval work on the more costly improvements.

The patrol plan has worked well and is working well in the older countries and well patrolled roads are constantly growing better as the years go by.

If the test here proves all the advocates of the plan claim for it, it will save thousands of dollars to the taxpayers and give better roads to the people.

Can You Imagine

Sometimes one cannot help wondering what would occur if capital suddenly became as unreasonable in its demands as labor has been in its demands during the last year and is now.

It is difficult for the human mind to imagine the chaos that would occur if capitalists would organize and, under the dictatorship of a few individuals, announce that they were going to strike, walk out from all the financial institutions, refuse to allow a dollar to go to work.

We have workers, now days, in all walks of life, striking for higher pay, shorter hours, more privileges, recognition or any old excuse, pupils in school striking for holidays, fewer studies, higher grades and even the preachers and teachers (and we are in sympathy with the preachers' and teachers' demand for more pay) in fact everybody striking or threatening to strike except the element which we always picture as an individual wearing mutton-chop whiskers, arrayed in a white vest, frock coat, well creased trousers, well polished shoes and smoking a large black cigar—the old "gent" who stands for capital.

Suppose he would forget his responsibilities and strike—then what?

POETRY FOR TODAY

THE WONDER HOUSE

There is no house like the little house.
 Love builds of the morning dreams—
 The house that sits in a grove of pines
 By the shore of the singing streams.
 The wonder house of the world is love's,
 For they built it out of their hearts,
 And it rises fairer than temple or tower
 That are built of the worn world's arts.

There is no furniture that it needs,
 For love has furnished it, too.
 And its walls are decked with the living glow
 Of the skies in their softest blue.
 And the floors are laid of the sandal-wood
 That no hand smoothed or planes—
 For love makes the roughness utterly good,
 And cleanses life of its stains.

The wonder house is the house that sits
 On a hill or in some hollow.
 With the spring to stop by its little door
 And the summer and autumn to follow,
 And even the winter to linger there,
 So sure that there'll be warm glow
 On that hearth of love, with the stars above,
 And the young strong hearts that know.

—Baltimore Sun.

"RHEUMATIC KINKS" GO

"NEUTRONE PRESCRIPTION 99"
 A WONDER

At last a real does-what-it-says Rheumatic Remedy, nothing like it was ever before known and that is no joke. Every man and woman who has Rheumatism, Gout or Neuralgia, ought to try "Neutrone Prescription 99" at once and see how marvelously it works. Cut out those fiery humors and dirty salves, use a good clean internal remedy. "Neutrone Prescription 99" is remarkable because it purifies the blood, assists in nature's way, gives you what you need to fight off Rheumatic Poisons, a good clean healthy system. It's not one of those temporary relief affairs, good only while using. It is lasting. Get a bottle today and your Rheumatic days are over, no more inflammation, stiff aching joints and muscles, can you imagine it, well it's all true.

FARM NOTES

An other very important feature in connection with the proposed amendment to the Ohio constitution to authorize the classification of property for taxation is that if it is adopted by the voters at the polls in November every succeeding legislature until the amendment is repealed, will have authority to change the classification and to raise or lower rates of taxation. Imagine the opportunities for a paid lobby at Columbus. For many years each succeeding legislature has fought over the liquor question. In their ever losing fight the liquor men have contributed many thousands of dollars to the pockets of the lobbyists. Now that the liquor question seems about to be settled it is necessary that we furnish the lobbyists a still more prolific source of securing funds.

When this amendment was being considered by the legislative committee those who were opposed to the amendment proposed that if the committee would embody in the amendment the present restrictions to increasing rates of taxation all their opposition would be withdrawn. This would seem to have been an easy way to secure the adoption of the amendment if the classificationists had been sincere in their statements that there was nothing in the amendment that would jeopardize visible property.

In this connection it may be well to realize that under this amendment it would be entirely possible for any legislature to establish the single tax idea in this state, so far as practical results are concerned. It will be remembered that under the single tax plan all taxes are put on the land exclusive of improvements thereon. Indeed to tax money at .1 per cent whereas visible property is taxed 2.7 percent as in Kentucky is going quite a step in that direction.

There will be a meeting of the Executive Committee of the Farm Bureau at the court house Saturday evening at 7:00 o'clock to consider this taxation amendment. All persons who have come to be interested in this subject are urged to be present. The Farm Bureau office is in the old Prosecutors' office but in case too many come to get into that room we will adjourn to one of the court rooms.

It may be of interest to many that Mr. O. E. Bradfute, the Angus cattle breeder of Xenia and the President of the Ohio Federation of Farm Bureaus, has been selected by President Wilson as one of three persons to represent agriculture at the National Industrial Conference which forty-five persons are to attend in Washington

in October. Labor has fifteen delegates to this Conference all of whom were selected by Samuel Gompers, the head of the American Federation of Labor. Let us hope the day is not far distant when Agriculture will select her delegates to such a meeting and that we will have our just share of them. In other words let us perfect our county, state and national farm bureau organization as soon as possible.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. Charles Gage extended cordial hospitalities to the members of the Wesley Chapel Mite Society, Wednesday afternoon.

The beautiful day brought out a large attendance and a splendid program was much enjoyed.

Papers were read by Mrs. McClain, Mrs. Nier, Mrs. Edge, Mrs. Mills and Miss Wanda Mae Norris. A vocal duet by Mamie and Elizabeth East completed the program.

A delicious collation was served by the afternoon's hostesses Mesdames Gage, DeWeese, Norris, Boyer, Grieves, English, and Orr.

Miss Brooks of Pawnee, Neb., was an out of town guest.

"Freshmen co-eds at Ohio State University soon will revert to the 'pig-tail' and hair-ribbon stage of hair dressing. Rules imposed by the upper classes require each freshman girl to wear her hair braided, hanging down the back and tied with a green bow when attending classes; to offer lice-rice 'nigger babies' to upper class men, and show the utmost courtesy and respect for their older college mates.

A violator of the rules is threatened with 'dire punishment.'—Ohio State Journal.

A wedding which will be of interest to Washington friends will take place September 28th, at the home of the bride 2324 W. Washington Blvd., Chicago, Illinois, when Miss Alice Florence Connor, daughter of Mr. and Mrs. Otis Connor, will become the bride of Mr. Ennis Rice. After being graduated from the Jacksonville, Indiana, high school Miss Connor taught for two years in the schools of that place, but for the past year has been employed as a bookkeeper in the office of the gas company in Chicago. She is a girl of beauty and charm and is very efficient in educational work, in business and domestic pursuits. Mr. Rice's former home was in Belfast, Ireland, where he was engaged in mercantile business but for the past few years he has lived in Chicago. He is a young man of sterling worth. The young couple expect to live in Chicago and after a short wedding trip will go to housekeeping in a neatly furnished apartment which is in readiness for them. Miss Connor is a granddaughter of Mrs. T. K. Per-

due and a niece of Mrs. Florence Colaw and Miss Mattie Alexander of this city.

Breaking a precedent that has lasted for 1,000 years, the Sistine Choir of the Vatican, possibly the oldest organization of its kind in the world, has been engaged in an American concert tour since arriving in New York last week.

The American tour of the choir will be the first time since its formation in the Fourth Century that the famous body of singers has left the precincts of the Vatican.

The singers are 70 in number drawn from the choir of the 15 chapels of the Vatican and range in age from boys of 8 years to a venerable choirist, who has reached the Psalmist's three score and ten.

Arrival of the younger members caused a temporary difficulty with immigration authorities under the law which forbids children under 18 years old from landing in the United States unless accompanied by their parents or guardians. The boys were detained at the landing stage until special board of inquiry could be convened, when they were released after a brief hearing.

The principal cities of the United States and Canada will be visited in this concert tour.

Mrs. Edgar Snyder gave hospitable entertainment to the Thursday Kensington Club and a few additional guests.

Autumn flowers in tasteful arrangement lent attractiveness throughout the rooms.

A dainty collation was served.

Miss Brooks, of Pawnee, Neb., who is visiting Mrs. Glen Rodgers was an out of town guest.

The birthday surprise given for Mrs. Eben Thomas, Wednesday evening, at her home near Yatesville, brought together seventy-five neighbors and friends, for an evening distinctive in pleasure.

Mr. Thomas had planned every detail so carefully, that nothing was lacking in making the evening one long to be remembered. Mrs. Thomas arose to the occasion, and assisted her husband in entertaining.

Games, music and tempting refreshments were enjoyed.

County Treasurer, David Whiteside and family of this city, were among the guests.

"Two of Circleville's young men, Paul H. Wood, son of Mr. and Mrs. James M. Wood, and Loring McAbee son of Mr. and Mrs. William McAbee, went to Covington, Ky., Monday where they each took unto himself a bride. Miss Nina Hosler daughter of Mr. and Mrs. Henry Hosler of Mt. Sterling, was united in marriage with Mr. McAbee, and Miss Edith Phillips, of Lancaster, became the bride of Mr. Wood.

"They have returned to this city, and are residing with the grooms' parents until they can secure houses,"—Circleville Herald.

Mr. Wood and his pretty young bride were guests in this city, his former home, Wednesday, and Washington friends were afforded the opportunity of extending best wishes.

Mrs. George Green, of Oklahoma City, who is visiting the Misses Skinner, and Miss Mary Yahn spent Thursday in Columbus.

Mr. and Mrs. Walter Thompson and two children, of Fruitdale visited. Mrs. Thompson parents, Mr. and Mrs. W. R. Smith, Thursday.

Mr. and Mrs. Thos. S. Werthington had as their guests on Wednesday, Mrs. C. L. Blacker and Mrs. W. P. McDowell, of Chillicothe.

Mr. and Mrs. Isaac Upp went to Dayton Thursday morning where they will spend several days with their daughter, Mrs. Pierce Bloomer and family.

Mr. F. M. Mark was a business visitor in Columbus, Thursday.

Mr. and Mrs. Willard F. Story arrived home Wednesday afternoon, from a two week's visit in Cleveland with Mr. Story's sister, Mr. and Mrs. C. K. Howard, who have been staying with their little grand daughter Mary Anne Story, returned to Circleville, Wednesday evening.

Messrs. L. D. Saxton and Earl McCoy motored to Columbus, Thursday, to the Grand Circuit Harness Races.

Mr. and Mrs. C. P. West are spending the week in Ann Arbor Mich. the guests of Mrs. S. J. Ervin and Mrs. Jennie Bailey. Miss Stella West is visiting her sister, Mrs. Elton Marine at Bloomington in their absence.

Messdames Frank M. Kennedy, C. A. Teeters, Scott Hopkins, J. B. Worthington, Clara Harper, Frank Christopher, G. S. Hodson and Miss Fannie McLean motored to Mt. Sterling, Thursday to attend the meeting of the Chillicothe District of the Woman's Foreign Missionary Society of the Methodist Church.

Messrs. Jack and Howard DeWitt and Mallow Hall made a motoring trip to Dayton Thursday.

Mr. and Mrs. Walter Miller, of Tiffin came here, Wednesday evening, to visit his parents, Mr. and Mrs. Dave Miller.

Mr. and Mrs. Arch Riber (nee Ethel Calvert) returned, Wednesday night, from a wedding trip to Washington, D. C. via the National Road, through Wheeling, W. Va., Hagerstown, Md., Washington Pa. and other places of interest.

Mrs. Mary Binegar, of Jamestown was the guest of Mrs. F. M. Mark, Thursday.

Mrs. Lulu H. Robinson and grandson, Robert Baird returned Thursday afternoon from Chautauque, New York where they have been spending the past summer.

Mr. and Mrs. William Westerfield, of New Orleans, Mrs. Jess Millikan, Miss Florence Ustick and Mr. Erk Edwards motored to the Latonia races on Thursday and Friday.

"The Misses Corrine and Louise Secret of East Fourth street, will leave Friday to enter 'The Castle' at Tarrytown on the Hudson. They will be accompanied by their father, F. C. Secret, as far as New York where they will stop for a tour of the shops before going on to school. Miss Virginia Campbell of Washington C. H., will leave at the same time to resume her studies at 'The Castle.'—Scioto Gazette.

Mr. and Mrs. F. L. Jones and little sons motored to Gallipolis, Thursday, to visit Mrs. Jones' parents.

Mr. and Mrs. Charles Coffey, Mr. and Mrs. Clark Coffey and Mrs. M. C. Myers left Wednesday, on a motoring trip to Kokomo, Ind., returning the last of the week.

"Mr. and Mrs. Charles D. Snider and their daughters, Mrs. James Thornton and Dorothy Snider, expect to go to Miami Fla., the first of November to spend the winter." Xenia Gazette.

Mrs. Lewis Terrell and sister, Mrs. T. K. Perdue, and daughter, Miss Alice, left Thursday morning for a visit with relatives in Chicago. Mrs. Terrell will go on to Colorado, where she will visit her sister, Mrs. Alvin E. Smith in Denver and her son, Lawrence Terrell in Paonia.

Mr. W. W. Everhart, of Greenfield was a business visitor in this city, Thursday.

"Mr. and Mrs. Harry Thomas of East Eighth street, are leaving today for New Holland where Mrs. Thomas has purchased a beautiful farm. They have rented their home on Eighth street and will reside in New Holland."—Chillicothe News Advertiser.

Mrs. Mary J. Briggs, of Detroit, Mich., is the guest of Mrs. Will Hettrich.

IN CIRCLEVILLE

The County Commissioners and County Engineer Frank M. Kennedy, who also was the engineer who made plans and specifications for the Kirkpatrick tri-county ditch, went to Circleville, Thursday, to confer with the commissioners of Ross and Pickaway regarding the famous ditch.

Maybe we can keep warm next winter by burning our bills.

BLACK SATIN WITH
TAUPE EMBROIDERY
MAKES SMART GOWN

Embroidery is being worn, in fact it is being worn with a vengeance. Everything is embroidered this season and dresses are showing an unusual amount of embroidery, as are suits and coats. This gown, made on slim straight lines, is fashioned of a soft lustrous black satin, and it is made more effective than usual by the use of taupe chenille embroidery.

COUNTY W. C. T. U.
IN CONVENTION
MEETING TODAY

The Fayette County Convention of the Woman's Christian Temperance Union convened at the Methodist church, Thursday morning, with a very good attendance for the opening session.

All the eleven unions of the county were represented. Mrs. S. M. Taggart of Jeffersonville, the president, was in the chair.

The reports of the county superintendents, election of officers and a business meeting were on the program.

AFTER CENSUS
CLERKS FOR 1920

Examinations for clerks, both male and female, for employment in the Bureau of the Census, at Washington, D. C., will be held in this city on October 18th, and November 16th, and full information may be obtained by those desiring to try the examination, from the Washington C. H. Post Office, or from the United States Civil Service Commission, of Washington, D. C.

Salaries for the work range from \$900 to \$1,020 a year, with chance for promotion.

GERMANY AFTER
ITALIAN TRADE

London, August 29. (By Mail)—British traders are advised by consular agents at Rome that Germany is making a strong bid for Italian patronage. By extending to Italian buyers three months' credit at one per cent interest and the quotation of prices for delivery at Genoa, whereas British firms quote f. o. b. London, a large volume of business is being attracted by the Germans.

Italy's most pressing needs are said to be dyes, inks, hosiery, shoes, chemicals, machinery, type writers, heavy oils, meats, preserves and clothes.

Blood will tell—especially your own blood relations when they have something mean to tell about you.

Dustin Farnum in "A Man's Fight"

TAX INQUIRY
PLAN BEFORE
REAPPRAISEMENT

Columbus, Ohio, September 25. Before any decision is offered in favor of a reappraisal of real estate in all parts of the state, careful consideration is to be given to several factors, officials close to the administration declare. Circumstances are said to call for a careful review before steps are taken to move the taxation valuation to present-day real values, as shown by recent transactions both in farm lands and in urban property.

The first reason assigned by the officials is that there may be considerable inflation in the realty values, due to several factors. In the country districts the high prices of foodstuffs and farm animals are a factor in boosting land values.

In the urban districts the high prices of labor and materials are important since they have combined to prevent the carrying forward of great building activity, and ever city is said to be overcrowded.

"For Rent" Sign Unseen. Houses for rent are unknown, and the building is falling behind the demands. The effect has been to increase rents and to increase values of buildings. There is a feeling, however, that the inflation may be temporary and, as it is always more difficult to reduce taxation values than to increase them, there is hesitancy about directing a general increase in assessments, which, to a degree, would be considered to be permanent.

When the new French Chamber assemblies after the coming election it is expected that fifty per cent of the deputies will be veterans of the great war. Everyone is looking forward to a horizon blue chamber.

A NEW FACTORY
FOR GREENFIELD

J. A. Harps has purchased the Henry Ennis property on Fifth street, Greenfield, and will erect a large, modern factory plant for the production of Never-Fail Oil cans and other articles.

NEW CHAMBER
TO BE MILITARY
IN CHARACTER

Paris, August 28. (By Mail)—When the new French Chamber assemblies after the coming election it is expected that fifty per cent of the deputies will be veterans of the great war. Everyone is looking forward to a horizon blue chamber.

Binet-Valmer, a writer who rendered such eminent services with the tanks in the last two years of the war expects to be returned to the Chamber. He has written that one of the first measures that he will try to have passed will be the rewarding by titles of the victorious French Generals. Commenting upon the title granted by the King of England to General Byng, Binet-Valmer writes: "I shall ask the new house that the names of great battles be added to the names of our great marshals and generals. For a tentative list I propose the following: Marshal Joffre, Duke of the Marne; Marshal Foch, Prince of Yser, (the title of Prince has to be a foreign one) Duke of Saint-Gond and of the Aisne; Marshal Petain, Duke of Verdun; Castelnau, Duke of Nancy; General Mangin, Duke of Villers-Cotterets, Gouraud, Duke of Chalons, Debeney, Duke of Montdidier."

MAKING MONEY

London, August 30. (By Mail)—London restaurant companies operating numbers of small tea shops and lunch rooms, are making money because London people more and more are eating away from home.

Many a man will give another man a letter of recommendation, though he wouldn't lend him a dollar.

MAY BECOME NEXT
AMBASSADOR FROM
U. S. TO GERMANY

George McAneny.

George McAneny, executive manager of the New York Times, is slated to become the next ambassador to Germany for the U. S., according to recent reports. The new ambassador will assume his duties as soon as diplomatic relations with Germany are restored. McAneny was formerly borough president of Manhattan.

DEMONSTRATION OF HOG VACCINATION

Announcement is made by John A. Arbaugh instructor in the local High School who has charge of the Smith-Hughes Agriculture course that there will be a demonstration of serum vaccination at the Marchant farm on the Bogus road from eight to ten o'clock Friday morning. Two Duroc-Jersey sows will be treated by one of the local veterinarians for Ralph Marchant who is enrolled in the Animal Husbandry class in the High School and has chosen hogs for his farm project. Those interested in hog raising and in vaccination are given an invitation to attend. The Smith-Hughes class of the High School will be present.

TO TAKE CHARGE OF SIGN COMPANY

Harry Burnett, who for the past two years has been engaged in the sign painting business at Athens, Ohio, and whose fame as an expert sign painter and maker is well known in this city, has accepted the management of the Birmingham Sign Company, at Birmingham, Alabama, and will have charge of all commercial advertising of the firm.
Mr. Burnett will leave the second week in October to take charge of the work in Birmingham.
If the law of supply and demand is responsible for existing prices it ought to be amended.

MANUFACTURERS OF BUCKEYE STATE LOCK WITH LABOR

Columbus, O., September 25.—Warfare in the State Government over union labor blazed forth Wednesday with both union labor leaders and employers taking an active hand.

On the one hand, organized labor appeared before Governor James M. Cox to protest the alleged discrimination against union workmen in state building projects, and on the other hand the Ohio Manufacturers' Association announced a program to break or modify the use of state employees for union organization purposes.

Both issues promise struggles of uncommon magnitude in legislative, executive and judicial circles.
The biggest of the contests was precipitated by a ruling of Attorney General John G. Price, which bitterly disappointed the manufacturers and will lead to a Court test as soon as it can be reached. Mr. Price practically approved the position of the Division of the Steam Engineers, Industrial Commission, which requires the hiring of licensed engineers to watch boilers under which the manufacturers keep a small fire when the boiler is not generating steam so as to prevent freezing and be ready for rapid steaming.

He also formulated a ruling in such a fashion that the State Inspectors of Steam Engineers may say whether one licensed steam engineer may have charge of more than one boiler. It is charged by the employers that the policy of the union leaders, with state assistance, has been to "make jobs" by multiplying the requirements affecting steam boilers, thereby through the medium of a letter, to soften the previous ruling, it seems, and while he now contends that a licensed engineer is not required when the fires are banked.

While here, the union leaders adopted a resolution giving encouragement to organization of steel workers in union labor and in behalf of "industrial democracy."

The Manufacturers' Association says that the commission, through its bureau, has been deciding that "operation" with respect to a steam boiler "applies whenever there is a fire in such boiler, without reference to the pressure carried or to the fact that the plant is not in operation," or that a licensed engineer must be present if there is a fire under the boiler.

The claim is made that this policy of Joseph McCue, chief deputy, goes further in requiring a licensed engineer than that of all his predecessors has done. McCue, however, sought in a report.

ASHURST WIRES INTENTION TO SUPPORT TREATY

Position of the Arizona Senator Was Heretofore Considered Doubtful.

(By Associated Press.)
Washington, September 25.—Senator Ashurst, democrat, of Arizona, in a telegram today to President Wilson declared he believed he could render the country and the world a greater service by voting for the treaty without reservation or amendment. His position heretofore has been doubtful, it is claimed.

FRENCH TIGER WOULD HURRY SENATE ACTION

Tells Deputies Any Word Sent Would Be to Make Haste

(By Associated Press.)
Paris, September 25.—Speaking in the chamber of deputies today on the peace treaty, Premier Clemenceau said that if he had any word to send to the United States Senate it would be that it hurry the ratification of the peace treaty.

STRIKERS GAIN

(By Associated Press.)
Cleveland, O., September 24.—Strike-inf steel workers made gains here today when two plants were closed, leaving only one steel mill in the city in operation. According to union officials, 1,000 men were added to the list of idle.

SENATOR THOMAS FLAYS STRIKERS

(By Associated Press.)
Washington, September 24.—While members of the Senate Labor committee were engaged in making final plans for the strike investigation beginning tomorrow, Senator Thomas, Democrat, of Colorado, in an address on the floor of the Senate criticized the strike in better terms, declaring it had been called on the "flimsiest excuse," that its principal object was "to disturb and bedevil industrial conditions," and that the participation of hundreds of thousands of men in strikes throughout the country "becomes almost civil war."

VOTE FRIDAY ON RETURNING TO THE MILLS

Skilled and Semi-Skilled Men In Mahoning Valley May Quit Strike.

(By Associated Press.)
Youngstown, O., September 25.—Meetings to tomorrow have been called by the skilled and semi-skilled employees of practically all the large steel mills of the Mahoning Valley, to vote on the question of returning to work.

THREE KILLED WHEN BOMB IS EXPLODED

Residence in New York Scene Of Black Hand Tragedy

(By Associated Press.)
Batavia, New York, September 25.—The explosion of a bomb in the dwelling of Carl Trimarchi, in this city, today killed three persons and injured four. Mr. Trimarchi has recently received threatening letters.

GARY ASSAILED BY MR. GOMPERS

(By Associated Press.)
Washington, September 24.—Declaring that Judge E. H. Gary, chairman of the United States Steel Corporation, had dealt in "a flippant and autocratic fashion" with labor representatives, Samuel Gompers, president of the American Federation of Labor, in summing up before the Senate Inter State Commerce Committee organized labor's proposition to the anti-strike section of the Cummins railroad bill, said the steel strike was an example of the necessity for the use of the strike by labor unions.

PACKERS FARED WELL DURING WAR

(By Associated Press.)
Washington, September 24.—Despite licensing and other restrictions imposed on the "big five" packers during the war, the firms' profits were from two and a quarter to three times as great as during pre-war years, the Federal Trade Commission found during its investigation of the packing industry as set for in a report to President Wilson under date of June 28, 1918.

IN YOUNGSTOWN

(By Associated Press.)
Youngstown, Ohio, September 24.—Although the strike in the steel producing plants is complete in Mahoning Valley, the momentum gathered during the first few hours has carried it even beyond the goal.
It has spread to the fabricating plants two of which are already closed. They employed about 750 men. A total of 44,000 men are idle in the district, but how many of these are strikers is not known.

AT GARY

(By Associated Press.)
Gary, Indiana, September 24.—The third day of the steel workers strike in Gary brought about little change so far as could be learned. Union leaders maintained their claim that 98 percent of the 22,000 steel workers were out. All the mills have virtually ceased operation.

Hard words seldom make impressions on soft people.

NEW CORN

Has always been responsible for digestive disturbances in hogs. When the digestion is impaired, and the vitality lowered, Cholera, Swine Plague and other infections are liable to appear.

Protect against such losses by keeping HOG HEALTH before your hogs.

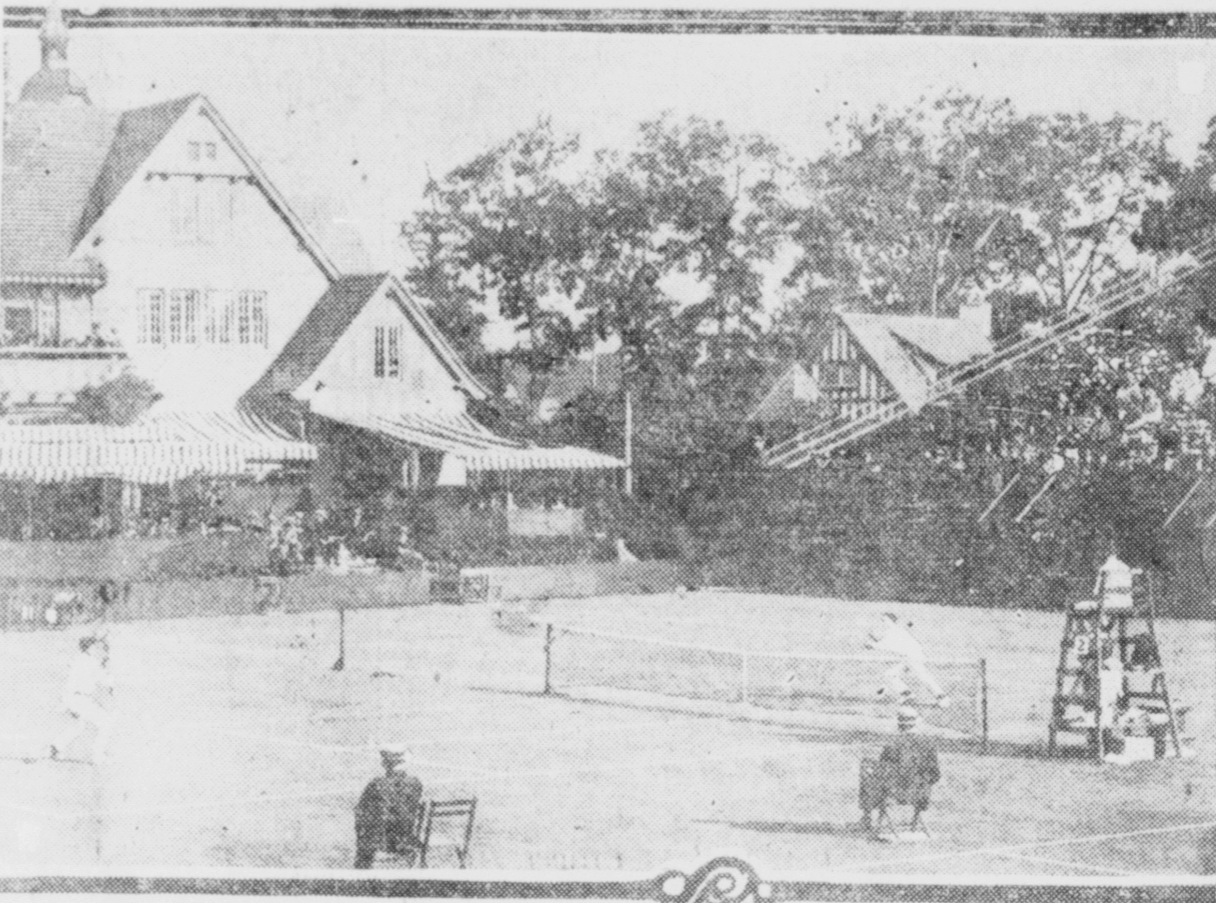

This mineral tonic assists in the digestion and assimilation of the food.

It will decrease your losses and increase your profits.

The Fayette Live Stock Supply Co.

NATIONAL NET CHAMP DEFENDS TITLE IN CHAMPIONSHIP TOURNEY

R. Lindley Murray, at left, and Dean Mathey, caught during their match at Forest Hills.

R. Lindley Murray, national lawn tennis champion, has been facing what is probably the greatest field of tennis stars ever gathered together, in the national tournament at Forest Hills, in which

he is defending his title. Murray is playing through. Pitted against Murray are four of Australia's greatest stars, including Gerald Patterson and Norman Brookes; the Jap experts; Dean Mathey and

Watson Washburn, A. E. F. champions, and other American stars. In his match with Dean Mathey, Murray won in straight sets, 6-2, 6-4, 10-8, displaying his old-time skill.

MOST PLAYERS FROM PENNSY. OHIO IS THIRD

(By Associated Press.)
Chicago, September 25.—Pennsylvania has the distinction of having the greatest representation in the baseball classic this year, 10 players from that state will battle for the highest honors in baseball, four of them are members of the Chicago White Sox, American league pennant winners and six are members of the Cincinnati Reds, flag winners in the senior organization.

The White Sox Manager, William Gleason, heads the list of Quakers. Along with the fighting manager is Eddie Collins, one of the greatest guardians of the keystone sack in the game. Eddie Murphy, utility outfielder and pinch hitter Delux, and J. Erskine Mayer, side-arm pitcher, are the other members from Pennsylvania.

The Reds have two pitchers, Ray B. Bressler and Ed Gerner, an outfielder, S. R. Magee, aveteran of the game and three infielders—Jacob Daubert, first base; Morris Rath, second base and James L. Smith, third base, as members from Penn State.
Illinois, where one end of the premier events will be staged is next in the list. The Prairie state is represented by seven players.

Ohio, where the other end of the world's series will be played is tied with California for third place in the list of contributing states. It lays claim to four members. The Buckeye state quartette are all members of the Reds, Henry Groh, star third baseman and Earle Neale, outfielder of Cincinnati, and Harry F. "Slim" Sallee, pitcher and Henry W. Schreiber, utility infielder.

BUCYRUS—Amos Neff, carpenter contractor, had the index finger of his right hand sawed off by a power saw.

LIMA—Anton Miller, former saloon-keeper, was today fined \$500 in municipal court for bootlegging. An employee, Albert Christ, was fined \$200 on the same charge.

NOTES FROM OHIO'S BIG PRISON FARM

London, O., September 25.—These are busy time out at the prison farm. Tomato canning is the big thing just now. From 20,000 to 25,000 gallons of tomatoes will be put up from the crop. The concrete work on the foundation of the mammoth administration building is being pushed rapidly.
There are now 227 prisoners at work on the farm and the building work. The paved road through the grounds is progressing nicely.

WELLINGTON—A special \$25,000 bond election will be held Oct. 6 for the purpose of extending the water system and fire protection.

Never in the history of Montgomery County have there been such fine tracts of land thrown into the open market, to be sold to the highest bidder.

For terms, description and catalogues, write to D. I. Harshman, R. R. No. 17, Dayton, Ohio, or Attorneys Munger & Kennedy, Rooms 814-820, Dayton Savings and Trust Building, Dayton, Ohio, or W. F. Smith Auctioneer, Rooms 2-3 Davies Building, Dayton, Ohio, and all information will be cheerfully given.

HOSPITAL CORNER IS THE BUSIEST PLACE IN THE CITY

Quiet Neighborhood And Restful Surroundings first Essential to Proper Hospital Service.

Those persons who are interested in the growth of the city have often wondered which street intersection is able to boast of the largest amount of traffic and the most noise. It remained for the workers behind the campaign for the new hospital to decide that question.

In the discussions held during the meetings in preparation for the campaign, the workers were of one opinion in regard to the question and were unanimously agreed that the intersection of East Court and North streets is the busiest and the most noisy corner in the city. The unfortunate phase of the question is that the Fayette Hospital is situated at this corner.

It was stated by one of the workers that on a busy day the number of automobiles, trucks and wagons passing the Fayette Hospital would average as high as five or six per minute for two or three hours at a time. The noise made by this steady stream of traffic is most annoying to the patients in the hospital and especially to those patients who are in a convalescent state, a time when quiet and rest are most needed.

By converting the Persinger property into a modern hospital, the noise and hum caused by the ceaseless traffic will be eliminated and ample grounds will be provided for the convalescent patients who may desire to take advantage of the fresh air and sunshine provided by such an ideal location. The site is also declared to be one of the best in the state for the improvement.

BRYAN TO SPEAK

Former Secretary of State, Wm. J. Bryan, will speak at Hillsboro and Greenfield Tuesday, October 7th, at the latter place at two o'clock in the afternoon. He speaks under the auspices of the Dry Federation.

COMPANY C IS READY FOR DUTY

Captain Kyle M. Vance, of London, head of the O. N. G. Company C in this city, has received orders to hold his company in readiness for strike duty at some point in Ohio.

The organization this week received the remainder of its equipment, and is now expecting summons to one of the steel mill centers at any hour.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dampen. Even with Corns removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H. and recommended as the world's best corn remedy by Browns Drug Store, Blackmer & Tanquary and C. S. Haver.

Fall and Winter Brings on Aches and Pains

Many people suffer unnecessary pain by waiting for lumbago, back-ache or rheumatic pains to pass off naturally. Why not take prompt action and make a recovery like that described by J. R. Wilkinson, of Selma, O. "Lumbago struck me just as I got out of bed, so bad I couldn't stay on my feet. My wife bathed my back with Houstonia Liniment and covered it with a hot flannel cloth, and I began to get better at once, and in two hours time I got up and went to work."

In a few hours Houstonia will relieve practically every ache or pain. Its remarkable antiseptic qualities make it especially good for burns, cuts and bruises, it soothes while it heals. Be prepared in advance by securing a bottle of House-tone-o-ah (The Original Jones' Liniment), with Dr. Jones' picture on the yellow label, \$1.00. Half size 50c, trial size 25c. Sold by all druggists. Dr. J. C. Jones Co., So. Charleston, O.—Advt.

300-MILE AUTO RACE AT CINCY

With two or three exceptions the field of starters which will face the flag in the 300-mile race at the Cincinnati Speedway on Sunday, October 5, will be made up of American drivers. In recent auto races American pilots have demonstrated their superiority over the dare-devils of Europe, so that in gathering a long list of American drivers for the coming event, the Speedway management has practically brought together the greatest drivers in the world.

The decision to stage this race on Sunday, October 5, was reached after the National Base Ball Commission had arranged the dates for the world's series games. There will be thousands of visitors come to Cincinnati for the first two games of the series and those will remain until the Reds return for the second installment of contests on the local grounds beginning Monday, October 6. In the meantime many sporting events are being provided for those guests remaining in the city, these including races at Latonia, boxing exhibitions and other athletic events.

In the matter of details for the race at the Speedway on Sunday, October 5, the distance will be 300 miles, with a purse of \$30,000 to be divided among the winners. The race will be started at 1 o'clock.

AUGUST EXPORTS SHOW INCREASE

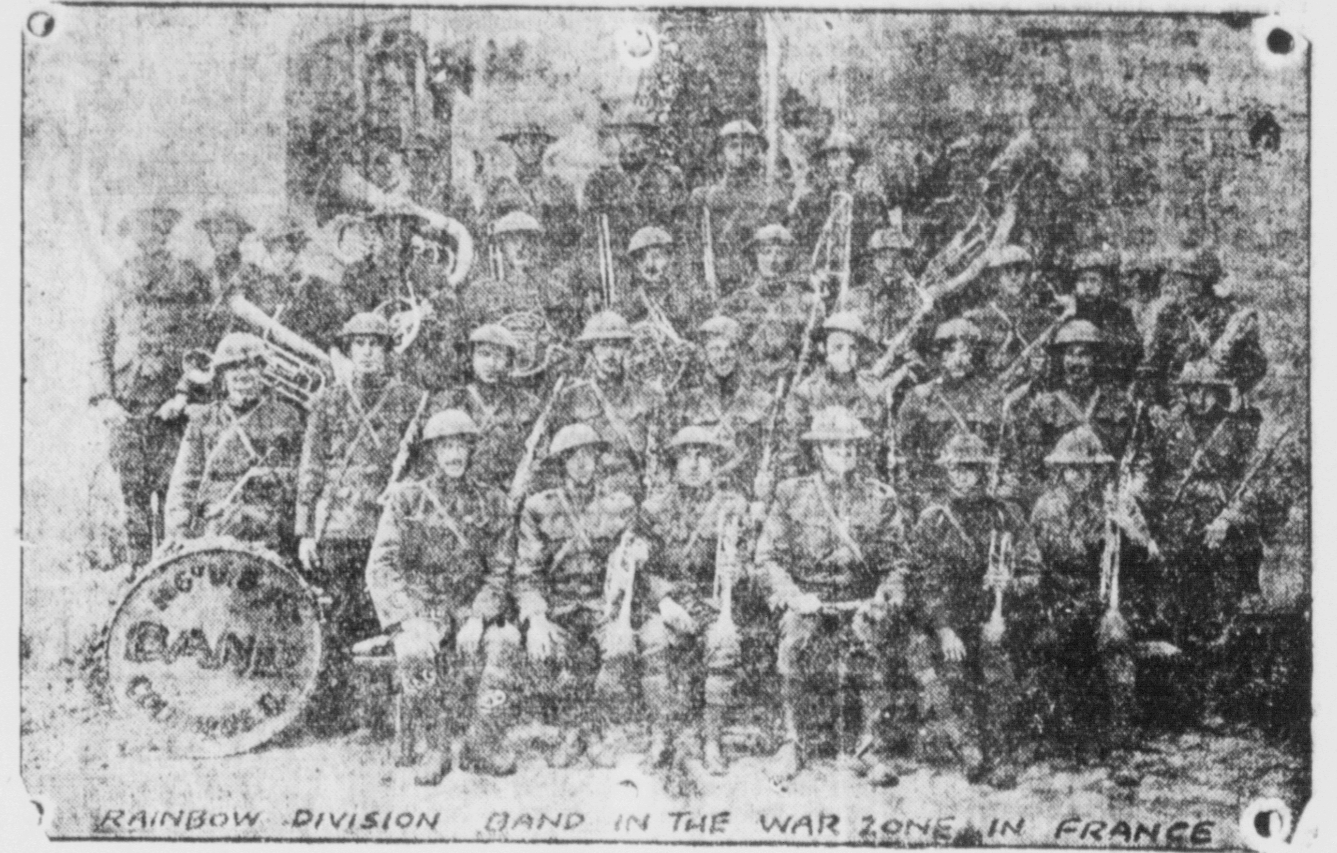

The decline in U. S. export trade indicated by the July figures did not continue in August, according to a statement just issued by the Bureau of Foreign and Domestic Commerce, Department of Commerce.

Exports during August amounted to \$76,000,000 more than in July being valued at \$646,000,000. In August last year the total was \$527,000,000. For the eight months ended with August exports were valued at \$5,275,000,000, against \$4,009,000,000 for the corresponding months in 1918.

August imports amounted to \$208,000,000, a decrease of \$35,000,000 as compared with July but a gain over the \$237,000,000 recorded in 1918. For the eight months ended with August imports increased from \$2,061,000,000 in 1918 to \$2,263,000,000 in 1919.

What the USL Service Station Really Is

The U S L Service Station is more than a place where new batteries are offered for sale. It is a place where battery users may safely stop and leave their battery troubles.

We have new batteries (and they are good ones, too) to sell, but only when they are needed.

Our first thought is to render expert service to our patrons, helping them to get the maximum of service from the battery they already have, whatever the make.

Then when it becomes necessary for them to replace their old battery they have confidence in what we say about new ones. Ours is a real service station. Not merely a store where batteries are kept and sold.

Thornhill's Battery Shop

MARKET STREET, BETWEEN NORTH AND FAYETTE.

Announcement!

We have just completed installation of up-to-date, sanitary ice cream making machinery and are prepared to serve our patrons with the best, purest grade of ice cream and ices possible.

We use nothing but pure cream and flavors.

We carry also an extensive line of home-made candies in bulk, and a full assortment of Johnson, Lowney's, Dolly Varden and Remer's choice box chocolates.

Victory Confectionery

FIRST COME FIRST SERVED WAY RED FANS GET SERIES TICKETS

Fans besieging Reds' offices in Cincinnati to get application blanks for tickets and application blanks given each fan

All tickets to the world series games played in Cincinnati will be sold according to the rotation numbers on the applications for tickets.

ets, passed out to the fans. In other words the fans obtaining the first application blanks will receive their tickets first. The plan

was devised to prevent any wholesale ticket-scalping and consequent scandal. Crowds stormed the offices for the blanks.

FAYETTE DRY READY TO FIGHT WET PROPOSAL

Columbus Attorney Sounds Warning Against Aims of Liquor Interests.

Same Executive Committee In Charge and Will Select County Chairman.

Wednesday evening the Fayette County Dry Association met at the Y. M. C. A. and a tentative organization was perfected resulting in the re-formation of the former executive committee. The election of a county chairman was referred to the Executive committee.

T. B. Jarvis, an attorney of Columbus, and county organizer and a representative of the Ohio Anti-Saloon League, was present and outlined the plan of campaign to be adopted by the Dry Federation.

Mr. Jarvis stated that the fight this fall by the wets would be for beer containing 2.75 percent alcohol which the wets claim is not intoxicating and the Dry Federation would have to fight this. He stated that "spiking" was common in the large cities and 2.75 percent beer was made to contain as high as 4 percent and that the sellers could not well be prosecuted because of the fact that the beer contained but the lawful amount of alcohol when it left the producer.

When asked if he regarded the steel strike as injurious to the prohibition cause he stated that in his opinion it would have no effect on the issue.

Before adjournment it was decided to turn the work of selecting a County Manager over to the Executive Committee and a report is to be given in a short time.

D. S. Craig was chairman of the meeting and A. W. Duff was acting secretary.

ICE CREAM SOCIAL.

There will be an ice cream social at Harmony Church on the Palmer pike pike Friday night, September 26th. Everybody welcome. 224 13

BREAKS ALTITUDE RECORD

Dayton, Sept. 25.—For the third successive time Major R. W. Schroeder, chief test pilot at McCook Field, broke the world's two-man altitude record Wednesday when he ascended to an indicated height of 30,900 feet or approximately six miles. A Lapere two-passenger plane was used in the flight.

BEST PUMPKIN CROP IN YEARS

The greatest pumpkin crop in Fayette county in recent years is now being harvested, and thousands of tons of "pie fruit" may be seen scattered over the corn fields of the county since the corn has been removed.

It is expected that home canning of pumpkins will be greatest in years because of the shortage and high price of some other "fruits"

Farmers are feeding the big pumpkins to their hogs and cattle but it is expected that a great many will be left in the fields to decay.

PLANE DELAYED IN COMING HERE

The Dayton-Wright airplane which was to have been brought to this city Friday morning for demonstration for The Ortmann Motor Company will not arrive until some future date, it is announced by General Manager Williams, of the Dayton-Wright Airplane Company, who was to bring the plane to this city, but who is required to be elsewhere because of urgent business.

It is expected that General Manager Williams will bring the plane to Washington in the near future.

Regular meeting of Temple Lodge No. 227, Tuesday evening at 8 p. m. A large attendance desired. Initiation, something doing. Come.

THE BIRTHSTONE FOR SEPTEMBER IS SAPPHIRE. HETTES-HEIMER, JEWELER.

FEDERAL JUDGE HOWARD HOLLISTER CALLED BY DEATH

Cincinnati, September 25.—Howard C. Hollister, aged 63, United States district judge for the Southern district of Ohio, died suddenly while sitting in a chair in his residence Wednesday night. With him were his wife, daughter and two sons.

Judge Hollister was at the government building Wednesday. He had not felt well since his return from a northwestern trip, but did not complain. About 7 o'clock Wednesday evening a physician was summoned to the Hollister home, where he found the judge suffering with heart trouble. Efforts to revive him were unavailing, although Judge Hollister was conscious till the last moment.

Judge Hollister was a native of Cincinnati. He attended the public schools and among his associates were William H. Taft, former president, and former Judge Rufus B. Smith. He graduated from Yale in 1878 in the same class with Mr. Taft. was appointed to the judgeship by Mr. Taft in 1919, succeeding the late Judge William H. Thompson.

WE ARE NOW CLEANING CARPETS AND RUGS.

Owing to the volume of work ahead on other lines we are obliged to limit our season for cleaning rugs to six weeks. During this time the high standard of service we have established in this respect is at your disposal. We guarantee our work. Dry Cleaning, Washing and Resizing; spots removed and colors restored.
